Immigrant Families: Spreading and Adapting 2Gen Working Practices

As 2020 unfolded with the COVID-19 pandemic, a weakened economy and increasing anti-immigrant rhetoric, the need for effective design and delivery of 2Gen services grew -- and nonprofit organizations responded with quick thinking and action, inventiveness, and adaptation. Hosted by the Aspen Institute Community Strategies Group in partnership with the Migration Policy Institute and Ascend at the Aspen Institute, this four-part webinar series will unpack the nuts and bolts of creative strategies that nonprofit organizations have implemented to deliver 2Gen services to immigrant families, youth and children. These events are open to anyone interested in learning more about work with immigrant families, and no prior 2Gen knowledge or experience is necessary.
