and Climate Change**

WITH

**The Honorable Joy Phumaphi**

Former Minister of Health, Botswana  
Former Vice President of Human Development, The World Bank

**The Honorable Mary Robinson**

President, Mary Robinson Foundation – Climate Justice  
Former President, Ireland

**WHEN:**

**Sunday, December 4**  
**Noon – 2:00 pm**

**WHERE:**

**[Tropicana Hotel, 85 OR Tambo Parade](#)**  
**[Durban, South Africa](#)**

Women are instrumental in determining a family's ability to survive the impacts of climate change. Access to reproductive health and family planning is an important part of strengthening women's capacity as leaders in addressing climate change, yet in too many places around the world that access is limited.

We look forward to your participation in a dynamic discussion of challenges and solutions with leading members of the Global Leaders Council for Reproductive Health.
